AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action dated May 20, 2002, please amend the above-identified application as follows:

In the Specification

Please replace the paragraph at page 13, beginning at line 16 with the following:

In addition, one could simply inject the water-stable plasma into the water as the immunoglobulin source. Either serum or plasma may be used as an immunoglobulin source in the globulin concentrate product. The further processing to concentrate immunoglobulin simply ensures fewer problems with line obstruction because less protein will be injected into the line.

CERTIFICATE OF MAILING

I hereby certify that the above correspondence was mailed to the Assistant Commissioner for Patents, Washington, D.C. 20231, as First Class mail, postage prepaid, this 19 day of November, 2002.
